

TransitVUE® Professional 2.5 GPIO Media Player

TransitVUE® Professional 2.5 GPIO is a high performance media player, featuring the Intel® Pentium processor, with Intel HD graphics to support HD content. The TransitVUE® Professional 2.5 GPIO is an industrial grade, long-life media player with additional features for digital signage installations.

TransitVUE® Professional 2.5 GPIO is designed with standard internal power and a serial port. Engineered in a 100% solid state design protects against dust, dirt, and other particles without compromising performance. The TransitVUE® Professional 2.5 GPIO is the ideal solution for digital message boards, intelligent kiosks, outdoor digital signage, or any application requiring performance in 24/7/365 environments.

Specifications

Part Number:	TV-2.5-GPIO-MP
Chassis:	HD2.5 Chassis, 150w, X16 Riser DC
Chassis:	Socket 1151 H110 Mini ITX Embedded Motherboard
Network:	Intel Dual Band Wireless-N 7260, HMC, 2x2 AGN, NO BT
Memory:	4GB DDR4 2133MHz Non ECC SODIMM
Processor:	INTEL PENTIUM G4400 3.30GHZ 3M
HDD:	320GB 7200RPM 32MB 7mm SATA3
I/O:	PCI-E Card, 8 Isolated Inputs, 8 Relay Outputs, Change of State Detection
Operating System:	Linux or Windows 10
Audio:	3.5mm 2 channel / 7.1 supported over DisplayPort
Orientation:	Landscape and Portrait Capable
Dimensions (w x h x d):	8.44 x 1.7 x 4.25 inches / 214 x 43 x 108 millimeters (1.95" tall with the tool-less VESA bracket)
Weight:	3 lbs / 1.4 kg
Mounting:	VESA 75mm and 100mm
Power Supply & Draw:	Internal 52W / 6W Idle / 33W Load
Operating Temperature:	35°C (95°F) at full system utilization
Warranty:	3 Year Depot Warranty
